

8 November 1960

Mr. Arthur B. Focke
General Counsel
Bureau of the Budget
Washington 25, D. C.

Dear Mr. Focke:

I refer to your letter of 15 June 1960 to Mr. Allen W. Dulles which discussed the draft Executive Order headed "Authorization for the Communication of Restricted Data by the Central Intelligence Agency." As I indicated to you recently by telephone, Agency representatives have held extensive discussions with representatives of the Atomic Energy Commission and the Department of Defense looking toward a resolution of our differing positions on the proposed Executive Order.

In your letter of 15 June you advised that both the Department of Defense and the Atomic Energy Commission approved of the draft Executive Order headed as above and dated 1-28-60 which was transmitted by the Bureau of the Budget to this Agency on 2 February. The Agency now concurs in that version of the Executive Order and we would like to request that it be processed for signature by the President.

Sincerely yours,

John S. Warner
Legislative Counsel
